

**IN THE UNITED STATES DISTRICT COURT
FOR THE SOUTHERN DISTRICT OF MISSISSIPPI
JACKSON DIVISION**

TRUE THE VOTE, et al.

PLAINTIFFS

v.

Civil Action No.: 3:14-cv-00532-NFA

**THE HONORABLE DELBERT HOSEMANN,
in his official capacity as Secretary of State for
the State of Mississippi, et al.**

DEFENDANTS

AFFIDAVIT OF MICHAEL B. WALLACE

STATE OF MISSISSIPPI
COUNTY OF HINDS

PERSONALLY APPEARED BEFORE ME, the undersigned authority in the State and County aforesaid, the within named Michael B. Wallace, who, after having by me been first duly sworn, did depose and say as follows:

1. My name is Michael B. Wallace. I am an adult resident citizen of Madison County, Mississippi. I am competent to testify in this matter, and I have personal knowledge of the facts stated herein.

2. I received my law degree in 1976 from the University of Virginia, where I was a member of the Law Review. I was admitted to the Mississippi Bar that same year, and I have remained in good standing ever since.

3. I have been general counsel of the Mississippi Republican Party since approximately 1990. I first represented the Party in litigation in 1983. The general counsel

is appointed by the Chairman of the State Executive Committee and approved by the Committee.

4. All members of the State Executive Committee and all members of county and municipal executive committees are volunteers who perform their committee duties without pay. As general counsel of the Party, I attend meetings of the State Executive Committee and provide advice to the Chairman, to the State Executive Committee, and occasionally to county and municipal executive committees on ordinary committee business on a pro bono basis. Consistent with my regular practice, I have advised the Party concerning the 2014 primary and the ensuing primary contest on a pro bono basis.

5. When called upon to defend the Party in litigation, I have traditionally charged a fee for my services, and I have done so with regard to the litigation captioned above. To a certain extent, however, it has been necessary for me to familiarize myself with proceedings in the primary challenge brought by Senator McDaniel against Senator Cochran for purposes of this litigation. For instance, it was necessary to review the papers filed in the challenge to determine whether any issues overlapped with this litigation, so as to consider a possible motion for abstention. I have not charged a fee for any time devoted purely to the primary or the primary challenge.

6. Attached hereto and made a part hereof as Exhibit A is a true and correct statement of the services and expenses incurred by my firm and charged to the Mississippi Republican Party for representation in this action. For the reasons stated hereafter, it is my belief that our fees, services, and expenses are reasonable in extent and amount. These

charges terminate with the review of this Court's opinion of August 29, 2014, and communications with the client with regard thereto.

7. I have charged the Party a rate of \$375 per hour. This is my lowest present rate for any client except for a matter in which I am representing a fellow lawyer at a rate of \$275 per hour imposed by his insurance carrier. My rates in other matters vary according to the client and the nature of the litigation. My current rates range as high as \$525 per hour, but most present cases are in the range of \$450-\$475 per hour.

8. I have been assisted in this matter by my associate Russell Nobile. He received his law degree from Mississippi College in 2002. He was admitted to the Mississippi Bar in 2002. He is presently in good standing with the Mississippi Bar. His regular hourly rate in 2014 is \$250. However, for this litigation, he is being billed at a rate of \$300 because of his expertise regarding the National Voter Registration Act derived from his seven years of service in the Civil Rights Division of the United States Department of Justice. His services have been especially useful in saving time that I would otherwise have had to devote to learning a statute with which I was not previously familiar.

9. I assigned one short project to my colleague Rebecca Hawkins. She received her law degree from Mississippi College in 1990. She was admitted to the Mississippi Bar that same year and has remained in good standing ever since. Her regular hourly rate in 2014 is \$275.

10. Several firm paralegals have assisted in this matter, principally Donna Pevey, who received her paralegal certificate from Hinds Community College in 2014. She also has many years of experience as a legal secretary. Lisa Brown, Jacqueline Davis and

Mandy Cuevas have also provided paralegal assistance in this matter. All paralegal time has been charged at the firm's regular rate of \$140 per hour.

11. Except for the small premium charged because of Mr. Nobile's expertise in the subject matter of this litigation, all lawyers and paralegals have been charged at regular hourly rates. It has been my experience that many firms charge a premium for service in preliminary injunction matters because of the necessity to drop other cases and to focus immediately on the application for emergency relief. Our firm has not charged such a premium in this case.

12. Having begun my law practice on the Mississippi Gulf Coast, over the years I have become familiar with the rates ordinarily charged by leading firms in Jackson and on the Gulf Coast. It is my opinion that the fees charged in this matter are well within the range of reasonable rates regularly charged in the Southern District of Mississippi. It is my further opinion that the charges for expenses are likewise reasonable.

13. In any litigation involving more than one lawyer, some duplication of effort is unavoidable. That is particularly true when a plaintiff has requested an emergency hearing on preliminary relief. I have edited our bill to remove any duplication that can be identified. Given the circumstances in which we were required to prepare to defend this case, it is my opinion that the hours charged are reasonable.

14. This Court's opinion of August 29, 2014, denied, for the time being, the Party's motion for summary judgment on Count 3. However, it was necessary to research and address the legal principles underlying Count 3 in order to respond to plaintiffs' claims that they would be irreparably injured absent a preliminary injunction. The research and

drafting on that subject was reasonably necessary to the Party's response to the motion for preliminary injunction, on which the Party prevailed.

15. The charges represented on Exhibit A have been transmitted to the Party and will be paid when the Party is able to raise the funds from private donations. Based on my experience of 31 years of representing the Party, that may take many months or several years.

FURTHER, AFFIANT SAYETH NOT.

MICHAEL B. WALLACE

SWORN TO AND SUBSCRIBED BEFORE ME, this the 8th day of September, 2014.
